Good morning Rebecca. Attached is the complete markup of the draft Approval application. Note that I am also attaching a file of screen captures to show the additional mark-ups that have been made to the earlier sections.

Looking forward to our discussion on December 3.

Happy Thanksgiving,

Laura Castrilli

Hi Laura,

Thank you for your response regarding our TSCA Approval Draft Document. USEI will be available for a call during the timeframe you have available on December 3; it looks like all the USEI attendees have the 10:30 am – 11:30 am Pacific time available that day. Please include the US Ecology team members cc'd on this email in the invite. We look forward to discussing the application with you at that time.

Thank you,

Rebecca Hogaboam

Subject: RE: TSCA Approval Draft Document

Rebecca, as we discussed Monday, I will need more time to finish reviewing the draft application. The new due date for the final TSCA application is December 18, 2020.

I would like to schedule a meeting as a placeholder to discuss any questions USEI may have regarding my final mark-up of the draft application. Would USEI be available sometime between 10:30 and 2:00, Pacific Time, on December 3?

If so, please let me know the time and USEI participants and I'll send a Microsoft Teams invite. Thank you,

Laura Castrilli

Rebecca, unfortunately I was not able to look at the draft application until today. I have marked up the draft through Section 8 and will start with Section 9 when I return on October 20. If necessary, I will extend the due date for the final application.

Attached is what I have noticed thus far. If there are any questions, regarding this partial mark-up, can we discuss them sometime between 7 and 10 am on Tuesday the 20th?

Good morning Laura,

Thank you for the update and extending the submittal date. We look forward to receiving any needed comments back from you. Also, thank you for letting us know you won't be working 10/9 through 10/19.

Rebecca, thank you for following up. I am extending the due date for submittal of the updated TSCA Approval application to October 30, 2020. I have not had time to look at the draft yet and plan to do so later this week (working Wed-Fri this week). This extension will allow USEI time to revise the application in accordance with any EPA comments prior to formal submittal of the application. Please call me if there are any questions.

FYI, I will not be working October 9 through October 19.

Subject: RE: TSCA Approval Draft Document

Good afternoon Laura:

I'm following up on the previous submittal of the draft TSCA Approval Application for EPA Region 10's review. As you know, the October 6, 2020 date for submittal of the updated TSCA Approval application is quickly approaching. We were wondering if you had any updates to what was submitted on July 13, 2020. USEI is currently making some minor edits to the document in preparation for the October 6 submittal. Please let us know if you have any outstanding changes that need to be made to the application document prior to formal submittal. At this time our plan is to formally submit the document and all attachments to you on October 6. We look forward to hearing from you regarding this matter.

Thank you,
